## Item 7.01 Regulation FD Disclosure

Attached hereto as Exhibit 99.1 and incorporated herein by reference in, this report is an investor presentation of Equity LifeStyle Properties, Inc. (referred to herein as “we,” “us,” and “our”) that has been made available to investors beginning May 27, 2026. The presentation has been posted on our website, [www.equitylifestyleproperties.com](http://www.equitylifestyleproperties.com), on May 27, 2026.

In accordance with General Instruction B.2. of Form 8-K, the information included in Item 7.01 of this Current Report on Form 8-K, including Exhibit 99.1, shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall such information be deemed incorporated by reference in any registration statement filed by Equity Lifestyle Properties, Inc. under the Securities Act of 1933, as amended.

This report includes certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as “anticipate,” “expect,” “believe,” “project,” “intend,” “may be” and “will be” and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include, without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of our acquisitions. Forward-looking statements, including our guidance concerning Net Income, FFO and Normalized FFO per share data, Dividend per share data, Core Property Operating Revenues, Core Property Operating Expenses, Excluding Property Management, Core Income from Property Operations, Excluding Property Management, by their nature, involve estimates, projections, goals, forecasts and assumptions and are subject to risks and uncertainties that could cause actual results or outcomes to differ materially from those expressed in a forward-looking statement due to a number of factors, which include, but are not limited to the following: (i) the mix of site usage within the portfolio; (ii) yield management on our short-term resort and marina sites; (iii) scheduled or implemented rate increases on community, resort and marina sites; (iv) scheduled or implemented rate increases in annual payments under membership subscriptions; (v) occupancy changes; (vi) our ability to attract and retain membership customers; (vii) change in customer demand regarding travel and outdoor vacation destinations; (viii) our ability to manage expenses in an inflationary environment, including the impact of changes in tariffs, as well as costs associated with supply chain disruptions; (ix) changes in debt service and interest rates; (x) our ability to integrate and operate recent acquisitions in accordance with our estimates; (xi) our ability to execute expansion/development opportunities in the face of changes impacting the supply chain or labor markets; (xii) completion of pending transactions in their entirety and on assumed schedule; (xiii) our ability to attract and retain property employees, particularly seasonal employees; (xiv) ongoing legal matters and related fees; (xv) costs to clean up and restore property operations and potential revenue losses following storms or other unplanned events; and (xvi) the potential impact of material weaknesses, if any, in our internal control over financial reporting.

For further information on these and other factors that could impact us and the statements contained herein, refer to our filings with the Securities and Exchange Commission, including the “Risk Factors” and “Forward-Looking Statements” sections in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q.

These forward-looking statements are based on management’s present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

We are a fully integrated owner of lifestyle-oriented properties and own or have an interest in 453 properties located predominantly in the United States consisting of 173,419 sites as of March 31, 2026. We are a self-administered, self-managed, real estate investment trust with headquarters in Chicago.

## 2026 Full Year Guidance<sup>(1)(2)</sup>

	Low	High	Mid Point	Prior Full Year Guidance Mid Point
Net Income per Common Share	\$2.02	\$2.12	\$2.07	\$2.11
FFO per Common Share and OP Unit	\$3.11	\$3.21	\$3.16	\$3.17
Normalized FFO per Common Share and OP Unit	\$3.12	\$3.22	\$3.17	\$3.17

Property Operating Revenues	4.0%	5.0%	4.5%	4.6%
Property Operating Expenses, Excluding Property Management	2.2%	3.2%	2.7%	3.2%
Income from Property Operations, Excluding Property Management	5.2%	6.2%	5.7%	5.6%

Notes: (1) Full year 2026 guidance represents management's estimate of a range of possible outcomes. The midpoint of the ranges reflects management's estimate of the most likely outcome. Actual results could vary materially from management's estimates presented above if any of our assumptions, including occupancy and rate changes, our ability to manage expenses in an inflationary environment, our ability to integrate and operate recent acquisitions and costs to restore property operations and potential revenue losses following storms or other unplanned events, are incorrect. See Forward-Looking Statements on page 35 for additional factors impacting our 2026 guidance assumptions. See Non-GAAP Financial Measures Definitions and Reconciliations on pages 35-39 for definitions of FFO and Normalized FFO and a reconciliation of Net income per Common Share - Fully Diluted to FFO per Common Share and OP Unit - Fully Diluted and Normalized FFO per Common Share and OP Unit - Fully Diluted.  
 (2) Guidance assumptions do not include acquisitions or dispositions activity.  
 (3) Represents the market cap weighted REIT average as of May 1, 2026. The residential cohort includes 10 publicly traded REITs with market capitalizations of \$3 billion or more that provided full year 2026 Same Store NOI and Core FFO per share guidance.  
 (4) Core Portfolio is defined based on properties owned and operated since January 1, 2025. The Core Portfolio may change from time-to-time depending on acquisitions, dispositions, and significant transactions or unique situations. The Core Portfolio excludes joint venture properties.

## Performance Update

- Core MH base rental income for the second quarter 2026 is in line with guidance expectation of 5.6% growth.
- Core RV and marina base rental income for the second quarter 2026 is in line with guidance expectation of 2.0%.

Notes: (1) Compared to comparable period in 2025.

(2) Core Portfolio is defined based on properties owned and operated since January 1, 2025. The Core Portfolio may change from time-to-time depending on acquisitions, dispositions and significant transactions or unique situations. The Core Portfolio excludes joint venture properties.

(2) Includes all publicly traded U.S. Equity REITs with a market cap greater than or equal to \$3 billion, in S&P Global's coverage universe that declared regular dividends during the period January 1, 2015 through December 31, 2025.

(3) Includes all publicly traded U.S. Equity REITs in S&P Global's coverage universe that reported weighted average term to maturity, weighted average interest rate, and/or debt maturity schedule for their most recent quarter as of May 1, 2026.

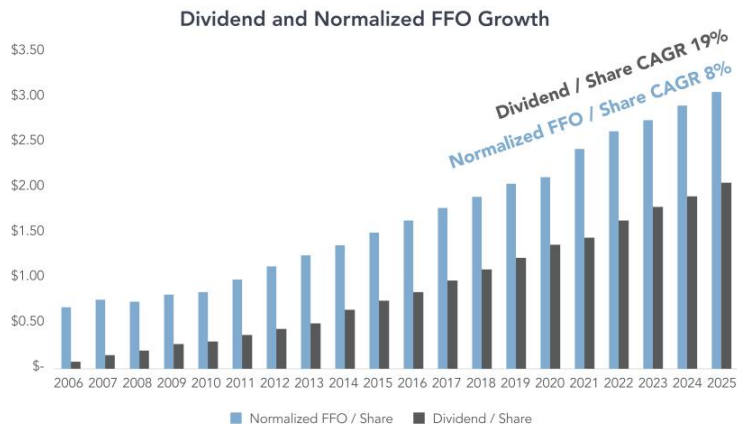

(4) Represents REIT average weighted by market capitalization as of May 1, 2026. The residential cohort comprises 10 publicly traded REITs with market capitalizations of \$3 billion or more at the time of analysis, while the REIT industry benchmark encompasses all publicly traded U.S. equity REITs.

(5) Borrowings on our unsecured line of credit represent our only exposure to floating rate debt.

# Dividend and Normalized FFO Growth

Time-tested through real estate cycles

Our Board of Directors has approved setting the annual dividend rate for 2026 at \$2.17 per share of Common Stock, an increase of 5.3%, or \$0.11, over the \$2.06 per share of Common Stock for 2025.

Notes: See Non-GAAP Financial Measures on pages 35-39 for the reconciliation and definition of Normalized FFO. Adjusted for stock splits.

# Property Locations

ELS owns and operates 453 properties in North America with a focus on high-quality coastal and Sunbelt retirement and vacation destinations and urban areas

Notes: Property and site counts presented as of March 31, 2026.

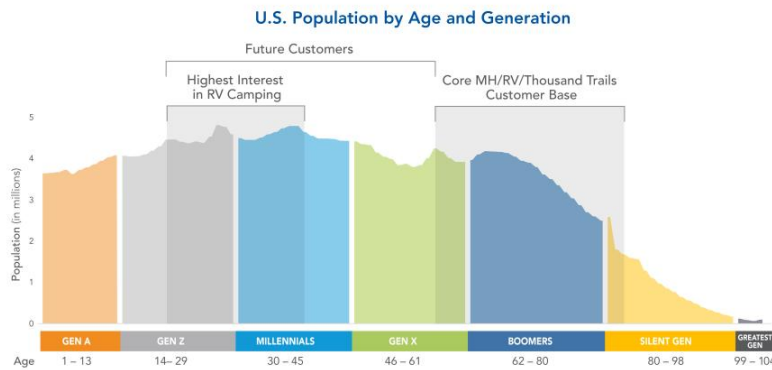

# Capital Expenditures

Continued investment in communities to support internal growth and enhance our resident and guest experience

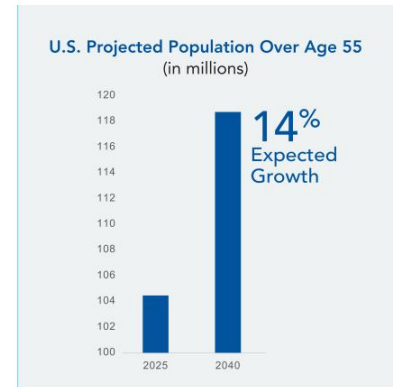

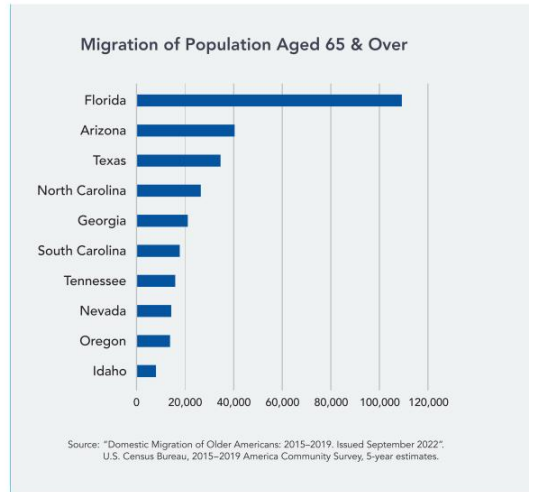

## Unique customer demographics driven by baby boomers and a strong tailwind from future generations

- The population of people aged 55 and older in the U.S. is expected to grow 14% from 2025 to 2040
- Roughly 10,000 people will turn 65 every day for the foreseeable future
- Over 70% of ELS MH properties are age qualified or have a resident base with an average age over 55
- Nearly 50% of ELS MH residents are aged 70 or older
- Installed base of over 8 million RV owners in the U.S.

Whether buying or renting, manufactured homes provide greater value as compared to other housing options

Avg Sales Price – New Single Family Home (“SFH”) vs New Manufactured Home<sup>(1)</sup>

U.S. housing shortage of nearly 4 million SFH creates demand for **manufactured housing**

ELS renters pay approximately **20-25% less per sq ft** than the average two-bedroom rental in ELS submarkets

Buying a new MH vs Financing a new SFH<sup>(1)</sup>

	MH	SFH	Difference in cost
Cost of Home	\$126,300	\$512,208	-75%
Upfront Cost <sup>(2)</sup>	\$126,300	\$102,442	23%
Monthly Cost <sup>(3)</sup>	\$948	\$2,536	-63%

**Manufactured Home Construction Advantage:**

- Controlled construction environment results in no weather delays
- Economies of scale to purchase materials in bulk
- Standardization of processes allows for efficient construction
- Centralized labor force allows for faster workforce training

Sources: U.S. Census Bureau, Federal Reserve Economic Data (FRED), Freddie Mac, Moody's Analytics.  
 Notes: (1) Data is as of FRED's most recently published economic report as of May 1, 2026.  
 (2) Assumes MH is paid in full and the SFH has a 20% down payment on a loan. At ELS, the majority of homeowners do not have debt on their homes.  
 (3) Assumes SFH has a 30-year loan with a 6.3% interest rate.

## Demand Drivers – Lifestyle and Amenities

ELS communities and resorts have the amenities to build a thriving community where our residents and guests create memories together

## Demand Drivers – Ways to Stay

We offer our residents and guests unique ways to stay at our communities and resorts

Vacation Homes

RV Sites

Manufactured Homes

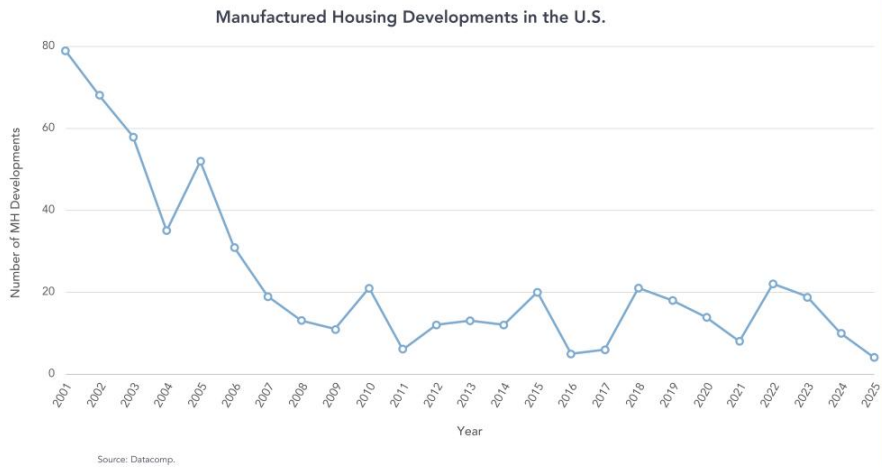

Tiny Homes

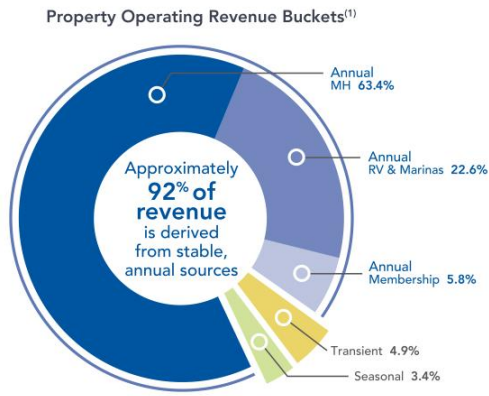

Cabins & Cottages

- There has been limited MH development in the U.S. in the past 20 years
- Growing demand coupled with almost no new supply is a strategic advantage for ELS

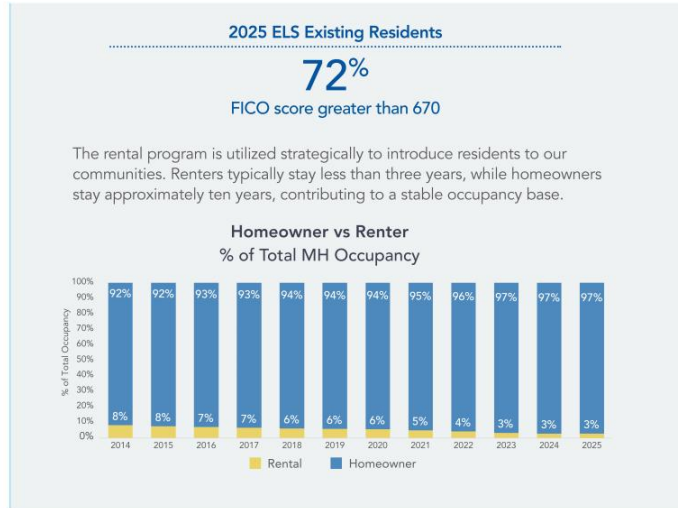

**Reasons for the Supply Constraint:**

- NIMBY (Not in my backyard)
- Restrictive zoning & regulations
- Federal planning vs local planning

This presentation contains certain Non-GAAP measures that in management's view of the business are meaningful as they allow investors the ability to understand key operating details of our business that may not always be indicative of recurring annual cash flow of the portfolio. Our definitions and calculations of these Non-GAAP financial and operating measures and other terms may differ from the definitions and methodologies used by other REITs and, accordingly, may not be comparable. These Non-GAAP financial and operating measures do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flows from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

The following Non-GAAP financial measures definitions do not include adjustments in respect to membership upgrade revenue; (i) FFO; (ii) Normalized FFO; (iii) EBITDAre; (iv) Adjusted EBITDAre; (v) Property operating revenues; (vi) Property operating expenses, excluding property management; and (vii) Income from property operations, excluding property management.

**FUNDS FROM OPERATIONS (FFO).** We define FFO as net income, computed in accordance with GAAP, excluding gains or losses from sales of properties, depreciation and amortization related to real estate, impairment charges and adjustments to reflect our share of FFO of unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. We compute FFO in accordance with our interpretation of standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. We believe FFO, as defined by the Board of Governors of NAREIT, is generally a measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

**NORMALIZED FUNDS FROM OPERATIONS (NORMALIZED FFO).** We define Normalized FFO as FFO excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties, defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items. Normalized FFO presented herein is not necessarily comparable to Normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount.

We believe that FFO and Normalized FFO are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of gains or losses from sales of properties, depreciation and amortization related to real estate and impairment charges, which are based on historical costs and may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our normal operations. For example, we believe that excluding the early extinguishment of debt, and other miscellaneous non-comparable items from FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

### INCOME FROM PROPERTY OPERATIONS, EXCLUDING PROPERTY MANAGEMENT (NOI)

We define Income from property operations, excluding property management as rental income, membership subscriptions and upgrade sales, utility and other income less property and rental home operating and maintenance expenses, real estate taxes, membership sales and marketing expenses, excluding property management expenses. Property management represents the expenses associated with indirect costs such as off-site payroll and certain administrative and professional expenses.

We believe exclusion of property management expenses is helpful to investors and analysts as a measure of the operating results of our properties, excluding items that are not directly related to the operation of the properties. For comparative purposes, we present bad debt expense within Insurance and other in the current and prior periods. We believe that this Non-GAAP financial measure is helpful to investors and analysts as a measure of the operating results of our properties.

**EARNINGS BEFORE INTEREST, TAX, DEPRECIATION AND AMORTIZATION FOR REAL ESTATE (EBITDAre) AND ADJUSTED EBITDAre.** We define EBITDAre as net income or loss excluding interest income and expense, income taxes, depreciation and amortization, gains or losses from sales of properties, impairments charges, and adjustments to reflect our share of EBITDAre of unconsolidated joint ventures. We compute EBITDAre in accordance with our interpretation of the standards established by NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do.

We define Adjusted EBITDAre as EBITDAre excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items.

We believe that EBITDAre and Adjusted EBITDAre may be useful to an investor in evaluating our operating performance and liquidity because the measures are widely used to measure the operating performance of an equity REIT.

This presentation includes certain forward-looking information, including Core and Non-Core Income from property operations, excluding property management, that is not presented in accordance with GAAP. In reliance on the exception in Item 10(e)(1)(i)(B) of Regulation S-K, we do not provide a quantitative reconciliation of such forward-looking information to the most directly comparable financial measure calculated and presented in accordance with GAAP, where we are unable to provide a meaningful or accurate calculation or estimation of reconciling items and the information is not available without unreasonable effort. This includes, for example, (i) scheduled or implemented rate increases on community, resort and marina sites; (ii) scheduled or implemented rate increases in annual payments under membership subscriptions; (iii) occupancy changes; (iv) costs to restore property operations and potential revenue losses following storms or other unplanned events; and (v) other nonrecurring/unplanned income or expense items, which may not be within our control, may vary between periods and cannot be reasonably predicted. These unavailable reconciling items could significantly impact our future financial results.
