ELS REPORTS FOURTH QUARTER RESULTS

Strong Core Performance; 2015 Guidance Update

CHICAGO, IL – January 26, 2015 – Equity LifeStyle Properties, Inc. (NYSE: ELS) (referred to herein as "we," "us," and "our") today announced results for the quarter and year ended December 31, 2014. All per share results are reported on a fully diluted basis unless otherwise noted.

Financial Results for the Quarter Ended December 31, 2014

Normalized Funds from Operations ("Normalized FFO") increased \$4.2 million, or \$0.04 per common share, to \$60.8 million, or \$0.66 per common share, compared to \$56.6 million, or \$0.62 per common share, for the same period in 2013. Funds from Operations ("FFO") increased \$5.4 million, or \$0.06 per common share, to \$60.3 million, or \$0.66 per common share, compared to \$54.9 million, or \$0.60 per common share, for the same period in 2013. Net income available for common stockholders increased \$5.2 million, or \$0.06 per common share, to \$29.4 million, or \$0.35 per common share, compared to \$24.2 million, or \$0.29 per common share, for the same period in 2013.

Portfolio Performance

For the quarter ended December 31, 2014, property operating revenues, excluding deferrals, increased \$8.2 million to \$180.3 million compared to \$172.1 million for the same period in 2013. For the year ended December 31, 2014, property operating revenues, excluding deferrals, increased \$37.8 million to \$734.7 million compared to \$696.9 million for the same period in 2013. For the quarter ended December 31, 2014, income from property operations, excluding deferrals, increased \$5.5 million to \$104.8 million compared to \$99.3 million for the same period in 2013. For the year ended December 31, 2014, income from property operations, excluding deferrals, increased \$24.5 million to \$422.2 million compared to \$397.7 million for the same period in 2013.

For the quarter ended December 31, 2014, Core property operating revenues increased approximately 3.7 percent and income from Core property operations increased approximately 4.7 percent compared to the same period in 2013. For the year ended December 31, 2014, Core property operating revenues increased approximately 3.6 percent and income from Core property operations increased approximately 4.5 percent compared to the same period in 2013.

Balance Sheet

During the fourth quarter, we paid off one mortgage at maturity totaling \$3.6 million with a stated interest rate of 5.71 percent per annum.

In January 2015, as part of our previously announced refinancing plan, we closed on two 25-year, fully amortizing loans with total gross proceeds of \$199.0 million. The loans are secured by 11 MH and RV assets and carry a weighted average interest rate of 4.16 percent per annum. Proceeds from the financing were used to defease approximately \$190.0 million of loans maturing in 2015 with a weighted average interest rate of 5.57 percent per annum. We incurred approximately \$9.0 million in early debt retirement expense related to these loans, which were secured by 15 MH and RV assets.

Interest coverage was approximately 3.4 times in the quarter. Expanded disclosure on our balance sheet and debt statistics are included in the tables below.

Acquisitions

In December 2014, we closed on the acquisition of Mesa Spirit, a 1,600-site RV resort located in Mesa, Arizona for a purchase price of \$41.6 million. The purchase price was funded with available cash and the assumption of approximately \$19.0 million in mortgage debt.

Executive Officer Promotion

Effective immediately, Mr. Patrick Waite has been promoted to Executive Vice President and Chief Operating Officer. He will continue to oversee our property operations.

General Information

As of January 26, 2015, we own or have an interest in 384 quality properties in 32 states and British Columbia consisting of 143,113 sites. We are a self-administered, self-managed real estate investment trust ("REIT") with headquarters in Chicago.

A live webcast of our conference call discussing these results will be available via our website in the Investor Information section at www.equitylifestyle.com at 10:00 a.m. Central Time on January 27, 2015.

This press release includes certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as "anticipate," "expect," "believe," "project," "intend," "may be" and "will be" and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include, without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of our recent acquisitions. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

- our ability to control costs, real estate market conditions, the actual rate of decline in customers, the actual
 use of sites by customers and our success in acquiring new customers at our properties (including those
 that we may acquire);
- our ability to maintain historical or increase future rental rates and occupancy with respect to properties currently owned or that we may acquire;
- our ability to retain and attract customers renewing, upgrading and entering right-to-use contracts;

- our assumptions about rental and home sales markets;
- our assumptions and guidance concerning 2015 estimated net income, FFO and Normalized FFO;
- our ability to manage counterparty risk;
- in the age-qualified properties, home sales results could be impacted by the ability of potential homebuyers to sell their existing residences as well as by financial, credit and capital markets volatility;
- results from home sales and occupancy will continue to be impacted by local economic conditions, lack
 of affordable manufactured home financing and competition from alternative housing options including
 site-built single-family housing;
- impact of government intervention to stabilize site-built single family housing and not manufactured housing;
- effective integration of recent acquisitions and our estimates regarding the future performance of recent acquisitions;
- the completion of future transactions in their entirety, if any, and timing and effective integration with respect thereto;
- unanticipated costs or unforeseen liabilities associated with recent acquisitions;
- ability to obtain financing or refinance existing debt on favorable terms or at all;
- the effect of interest rates;
- the dilutive effects of issuing additional securities;
- the effect of accounting for the entry of contracts with customers representing a right-to-use the Properties under the Codification Topic "*Revenue Recognition*;"
- the outcome of pending or future lawsuits filed against us by tenant groups seeking to limit rent increases
 and/or seeking large damage awards for our alleged failure to properly maintain certain Properties or other
 tenant related matters, such as the case currently pending in the California Superior Court for Santa Clara
 County, Case No. 109CV140751, involving our California Hawaiian manufactured home property,
 including any further proceedings in the trial court or on appeal; and
- other risks indicated from time to time in our filings with the Securities and Exchange Commission.

These forward-looking statements are based on management's present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

^{1.} We are required by GAAP to defer, over the estimated customer life, recognition of non-refundable upfront payments from the entry of right-to-use contracts and upgrade sales. The customer life is currently estimated to be 31 years and is based upon our experience operating the membership platform since 2008. The amount shown represents the deferral of a substantial portion of current period upgrade sales, offset by amortization of prior period sales.

^{2.} We are required by GAAP to defer recognition of commissions paid related to the entry of right-to-use contracts. The deferred commissions will be amortized using the same method as used for the related non-refundable upfront payments from the entry of right-to-use contracts and upgrade sales. The amount shown represents the deferral of a substantial portion of current period commissions on those contracts, offset by the amortization of prior period commissions.

Non-GAAP Financial Measures

Funds from Operations ("FFO") is a non-GAAP financial measure. We believe FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"), is generally an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

We define FFO as net income, computed in accordance with GAAP, excluding gains and actual or estimated losses from sales of properties, plus real estate related depreciation and amortization, impairments, if any, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. We receive up-front non-refundable payments from the entry of right-to-use contracts. In accordance with GAAP, the upfront non-refundable payments and related commissions are deferred and amortized over the estimated customer life. Although the NAREIT definition of FFO does not address the treatment of non-refundable right-to-use payments, we believe that it is appropriate to adjust for the impact of the deferral activity in our calculation of FFO.

Normalized Funds from Operations ("Normalized FFO") is a non-GAAP measure. We define Normalized FFO as FFO excluding the following non-operating income and expense items: a) the financial impact of contingent consideration; b) gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs; c) property acquisition and other transaction costs related to mergers and acquisitions; and d) other miscellaneous non-comparable items.

We believe that FFO and Normalized FFO are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of depreciation, amortization and actual or estimated gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our operations. For example, we believe that excluding the early extinguishment of debt, property acquisition and other transaction costs related to mergers and acquisitions and the change in fair value of our contingent consideration asset from Normalized FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

Funds available for distribution ("FAD") is a non-GAAP financial measure. We define FAD as Normalized FFO less non-revenue producing capital expenditures.

Investors should review FFO, Normalized FFO and FAD, along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT's operating performance. We compute FFO in accordance with our interpretation of standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. Normalized FFO presented herein is not necessarily comparable to normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount. FFO, Normalized FFO and FAD do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.
