

An aerial photograph of the Pine Lakes Country Club in North Fort Myers, Florida. The image shows a large, winding lake with a fountain in the center. To the left of the lake are several blue tennis courts with green surrounds. In the foreground, there are several buildings with white roofs, likely clubhouses or maintenance buildings. The background features a residential area with houses and palm trees. The overall scene is lush and green, with many palm trees and other tropical vegetation.

2026 Full Year Guidance⁽¹⁾⁽²⁾⁽³⁾

	Prior Full Year Guidance
	Mid Point
Net Income per Common Share	\$2.07
FFO per Common Share and OP Unit	\$3.16
Normalized FFO per Common Share and OP Unit	\$3.17
Core Portfolio⁽⁴⁾	
Property Operating Revenues	4.5%
Property Operating Expenses, Excluding Property Management	2.7%
Income from Property Operations, Excluding Property Management	5.7%

July 22, 2026 Full-Year Guidance		
Low	High	Mid Point
\$2.05	\$2.15	\$2.10
\$3.15	\$3.25	\$3.20
\$3.13	\$3.23	\$3.18
3.9%	4.9%	4.4%
1.6%	2.6%	2.1%
5.5%	6.5%	6.0%

Notes: (1) Full year 2026 guidance represents management’s estimate of a range of possible outcomes. The midpoint of the ranges reflects management’s estimate of the most likely outcome. Actual results could vary materially from management’s estimates presented above if any of our assumptions, including occupancy and rate changes, our ability to manage expenses in an inflationary environment, our ability to integrate and operate recent acquisitions and costs to restore property operations and potential revenue losses following storms or other unplanned events, are incorrect. See Forward-Looking Statements on page 35 for additional factors impacting our 2026 guidance assumptions. See Non-GAAP Financial Measures Definitions and Reconciliations on pages 31-35 for definitions of FFO and Normalized FFO and a reconciliation of Net income per Common Share – Fully Diluted to FFO per Common Share and OP Unit – Fully Diluted and Normalized FFO per Common Share and OP Unit – Fully Diluted.

(2) Guidance assumptions do not include acquisition or disposition activity.

(3) Provided for convenience, not intended to update previously published guidance. Current guidance issued July 22, 2026; prior guidance issued April 21, 2026.

(4) Core Portfolio is defined based on properties owned and operated since January 1, 2025. The Core Portfolio may change from time-to-time depending on acquisitions, dispositions, and significant transactions or unique situations. The Core Portfolio excludes joint venture properties.

(5) Represents the market cap weighted REIT average as of August 31, 2026. The residential cohort includes 8 publicly traded REITs with market capitalizations of \$3 billion or more that provided full year 2026 Same Store NOI and Core FFO per share guidance.

Performance Update

- Core MH base rental income growth for August YTD is 5.8%
 - Q3 2026 Core MH base rental income growth guidance: 5.6% at midpoint (range of 5.3% to 5.9%), issued July 22, 2026⁽⁴⁾
- Core RV and marina annual base rental income growth for August YTD is 5.0%
 - Q3 2026 Core RV and marina annual base rental income growth guidance: 4.9% at midpoint (range of 4.6% to 5.2%), issued July 22, 2026⁽⁴⁾

Notes: (1) Compared to comparable period in 2025.

(2) Core Portfolio is defined based on properties owned and operated since January 1, 2025. The Core Portfolio may change from time-to-time depending on acquisitions, dispositions and significant transactions or unique situations. The Core Portfolio excludes joint venture properties.

(3) The factors that affected our results for YTD 2026 may not continue and therefore, our results for that period may not be indicative of our results for the full quarter or year.

(4) Provided for convenience, not intended to update previously published guidance.

Debt Strategy – Refinance Risk Mitigation

Term to Maturity vs Weighted Average Interest Rate⁽³⁾

ELS’ minimal exposure to floating interest rates and limited refinancing needs in the near term are expected to mitigate any potential future earnings impact from elevated rates.

Current Floating Rate Debt⁽⁴⁾⁽⁵⁾

Debt Maturity through 2028⁽³⁾

Notes: All data as of December 31, 2025, unless otherwise specified. Source: Company filings, FactSet, and S&P Global.
See Non-GAAP Financial Measures on pages 31-35 for definitions and reconciliations. Adjusted for stock splits.
(1) Includes all publicly traded U.S. Equity REITs, with a market cap greater than or equal to \$3 billion and have reported Core FFO since 2006.
(2) Includes all publicly traded U.S. Equity REITs, with a market cap greater than or equal to \$3 billion, in S&P Global’s coverage universe that declared regular dividends during the period January 1, 2015 through December 31, 2025.
(3) Includes all publicly traded U.S. Equity REITs in S&P Global’s coverage universe that reported weighted average term to maturity, weighted average interest rate, and/or debt maturity schedule for their most recent quarter as of August 31, 2026.
(4) Represents REIT average weighted by market capitalization as of June 30, 2026. The residential cohort comprises 10 publicly traded REITs with market capitalizations of \$3 billion or more at the time of analysis, while the REIT industry benchmark encompasses all publicly traded U.S. equity REITs.
(5) Borrowings on our unsecured line of credit represent our only exposure to floating rate debt.

Dividend and Normalized FFO Growth

Time-tested through real estate cycles

Our Board of Directors has approved setting the annual dividend rate for 2026 at \$2.17 per share of Common Stock, an increase of 5.3%, or \$0.11, over the \$2.06 per share of Common Stock for 2025.

Notes: See Non-GAAP Financial Measures on pages 31-35 for the reconciliation and definition of Normalized FFO. Adjusted for stock splits.

Track record of delivering superior total returns and dividend growth

1. Business Model

- Own the land and lease developed sites to owners of manufactured homes, vacation cottages, RVs and boats
- Consistent results throughout the real estate cycle
- Strong customer demand with minimal new supply
- Innovative strategy driving external growth through new lines of business

2. Portfolio Composition

- High-quality properties located in retirement and vacation destinations
- Over 110 properties with lake, river, or ocean frontage
- Over 70% of MH properties are age qualified or have a resident base with an average age over 55

3. Operating Platform

- Integrated operating platform focused on providing superior customer service to all residents and value creation for shareholders
- Focus on generating stable, predictable revenue

4. Balance Sheet

- Long-term strategy focused on access to a variety of capital sources
- Well laddered maturities with average years to maturity of 7 years and weighted average interest rate of 4.1%
- Strong balance sheet with capacity to fund growth with debt and/or equity

5. Acquisitions / Development

- Active acquisitions and development pipeline
- Focus on accretive and/or value add transactions
- History of being first mover when entering new asset classes that fit the portfolio strategy

6. Technology and Digital Marketing

- Technology driven
- Digital marketing strategy and customer engagement

7. Management Team

- Experienced executive management team with a track record of delivering results

Property Locations

ELS owns and operates 453 properties in North America with a focus on high-quality coastal and Sunbelt retirement and vacation destinations and urban areas

Notes: Property and site counts presented as of June 30, 2026.

Capital Expenditures

Continued investment in communities to support internal growth and enhance our resident and guest experience

Demand Drivers – Unique Demographics

Unique customer demographics driven by baby boomers and a strong tailwind from future generations

- The population of people aged 55 and older in the U.S. is expected to grow 14% from 2025 to 2040
- Roughly 10,000 people will turn 65 every day for the foreseeable future
- Over 70% of ELS MH properties are age qualified or have a resident base with an average age over 55
- Nearly 50% of ELS MH residents are aged 70 or older
- Installed base of over 8 million RV owners in the U.S.

U.S. Population by Age and Generation

U.S. Projected Population Over Age 55 (in millions)

Sources: U.S. Census, released November 2023, Alliance for Lifetime Income's Retirement Income Institute, RVIA.

Demand Drivers – Value Proposition

Whether buying or renting, manufactured homes provide greater value as compared to other housing options

Avg Sales Price – New Single Family Home ("SFH") vs New Manufactured Home⁽¹⁾

U.S. housing shortage of nearly 4 million SFH creates demand for manufactured housing

ELS renters pay approximately 20-25% less per sq ft than the average two-bedroom rental in ELS submarkets

Buying a new MH vs Financing a new SFH⁽¹⁾

	MH	SFH	Difference in cost
Cost of Home	\$130,550	\$516,792	-75%
Upfront Cost ⁽²⁾	\$130,550	\$103,358	26%
Monthly Cost ⁽³⁾	\$952	\$2,586	-63%

Manufactured Home Construction Advantage:

- Controlled construction environment results in no weather delays
- Economies of scale to purchase materials in bulk
- Standardization of processes allows for efficient construction
- Centralized labor force allows for faster workforce training

Sources: U.S. Census Bureau, Federal Reserve Economic Data (FRED), Freddie Mac, Moody's Analytics.
Notes: (1) Data is as of FRED's most recently published economic report as of August 31, 2026.
(2) Assumes MH is paid in full and the SFH has a 20% down payment on a loan. At ELS, the majority of homeowners do not have debt on their homes.
(3) Assumes SFH has a 30-year loan with a 6.4% interest rate.

Demand Drivers – Lifestyle and Amenities

ELS communities and resorts have the amenities to build a thriving community where our residents and guests create memories together

Demand Drivers – Ways to Stay

We offer our residents and guests unique ways to stay at our communities and resorts

Vacation Homes

RV Sites

Manufactured Homes

Tiny Homes

Cabins & Cottages

Supply Constrained Asset Class

- There has been limited MH development in the U.S. in the past 20 years
- Growing demand coupled with almost no new supply is a strategic advantage for ELS

Source: Datacomp.

Reasons for the Supply Constraint:

- NIMBY (Not in my backyard)
- Restrictive zoning & regulations
- Federal planning vs local planning

Steady, Predictable Revenue Streams from High-Quality Occupancy

2025 ELS Existing Residents

72%

FICO score greater than 670

The rental program is utilized strategically to introduce residents to our communities. Renters typically stay less than three years, while homeowners stay approximately ten years, contributing to a stable occupancy base.

Notes: All data as of December 31, 2025, unless otherwise specified.
(1) Property operating revenue buckets reflect trailing twelve months as of June 30, 2026.

Affordable Housing⁽¹⁾

Our high-quality MH portfolio has driven outperformance of annual rate increases compared to Cost-of-Living Adjustment (COLA) over the long term

Average spread of
+150 bps

COLA averaged 2.6%
ELS averaged 4.1%

Note: Amounts may not foot due to rounding.

Non-GAAP Financial Measures (Continued)

This presentation contains certain Non-GAAP measures that in management's view of the business are meaningful as they allow investors the ability to understand key operating details of our business that may not always be indicative of recurring annual cash flow of the portfolio. Our definitions and calculations of these Non-GAAP financial and operating measures and other terms may differ from the definitions and methodologies used by other REITs and, accordingly, may not be comparable. These Non-GAAP financial and operating measures do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flows from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

The following Non-GAAP financial measures definitions do not include adjustments in respect to membership upgrade revenue; (i) FFO; (ii) Normalized FFO; (iii) EBITDAre; (iv) Adjusted EBITDAre; (v) Property operating revenues; (vi) Property operating expenses, excluding property management; and (vii) Income from property operations, excluding property management.

FUNDS FROM OPERATIONS (FFO). We define FFO as net income, computed in accordance with GAAP, excluding gains or losses from sales of properties, depreciation and amortization related to real estate, impairment charges and adjustments to reflect our share of FFO of unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. We compute FFO in accordance with our interpretation of standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. We believe FFO, as defined by the Board of Governors of NAREIT, is generally a measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

NORMALIZED FUNDS FROM OPERATIONS (NORMALIZED FFO). We define Normalized FFO as FFO excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties, defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items. Normalized FFO presented herein is not necessarily comparable to Normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount.

We believe that FFO and Normalized FFO are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of gains or losses from sales of properties, depreciation and amortization related to real estate and impairment charges, which are based on historical costs and may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our normal operations. For example, we believe that excluding the early extinguishment of debt, and other miscellaneous non-comparable items from FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

Non-GAAP Financial Measures (Continued)

INCOME FROM PROPERTY OPERATIONS, EXCLUDING PROPERTY MANAGEMENT (NOI).

We define Income from property operations, excluding property management as rental income, membership subscriptions and upgrade revenue, utility and other income less property and rental home operating and maintenance expenses, real estate taxes, membership sales and marketing expenses, excluding property management expenses. Property management represents the expenses associated with indirect costs such as off-site payroll and certain administrative and professional expenses.

We believe exclusion of property management expenses is helpful to investors and analysts as a measure of the operating results of our properties, excluding items that are not directly related to the operation of the properties. For comparative purposes, we present bad debt expense within Insurance and other in the current and prior periods. We believe that this Non-GAAP financial measure is helpful to investors and analysts as a measure of the operating results of our properties.

Reconciliation of Net Income Available for Common Stockholders to Income from Property Operations (in thousands)

Income from property operations	372,892	396,045

Non-GAAP Financial Measures (Continued)

EARNINGS BEFORE INTEREST, TAX, DEPRECIATION AND AMORTIZATION FOR REAL ESTATE (EBITDAre) AND ADJUSTED EBITDAre.

We define EBITDAre as net income or loss excluding interest income and expense, income taxes, depreciation and amortization, gains or losses from sales of properties, impairments charges, and adjustments to reflect our share of EBITDAre of unconsolidated joint ventures. We compute EBITDAre in accordance with our interpretation of the standards established by NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do.

We define Adjusted EBITDAre as EBITDAre excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items.

We believe that EBITDAre and Adjusted EBITDAre may be useful to an investor in evaluating our operating performance and liquidity because the measures are widely used to measure the operating performance of an equity REIT.

Consolidated Net Income to EBITDAre and Adjusted EBITDAre Reconciliations (in millions)

	Trailing Twelve Months as of June 30, 2026
Consolidated net income	\$415.2
Interest income	(8.9)
Real estate depreciation and amortization	212.1
Other depreciation and amortization	4.7
Interest and related amortization	135.1
Income tax benefit	(2.6)
(Gain) loss on sale of real estate and impairment, net	(1.1)
Adjustments to our share of EBITDAre of unconsolidated joint ventures	9.8
EBITDAre	764.3
Other items	2.9
Early debt retirement	—
Transaction/pursuit costs and other	—
Insurance proceeds due to catastrophic weather event	(10.6)
Adjusted EBITDAre	756.6

Non-GAAP Financial Measures (Continued)

FORWARD-LOOKING NON-GAAP MEASURES. The following table reconciles Net Income per Common Share – Fully Diluted guidance to FFO per Common Share and OP Unit – Fully Diluted guidance and Normalized FFO per Common Share and OP Unit – Fully diluted guidance:

(Unaudited)	Q3 2026	Full Year 2026
Net income per Common Share – Fully Diluted	\$0.48 to \$0.54	\$2.05 to \$2.15
Depreciation and amortization	0.28	1.10
Gain on sale of real estate and impairment, net	—	—
FFO per Common Share and OP Unit – Fully Diluted¹	\$0.76 to \$0.82	\$3.15 to \$3.25
Other	—	0.03
Normalized FFO per Common Share and OP Unit – Fully Diluted¹	\$0.76 to \$0.82	\$3.13 to \$3.23

Note: (1) Amounts may not foot due to rounding.

This presentation includes certain forward-looking information, including Core and Non-Core Income from property operations, excluding property management, that is not presented in accordance with GAAP. In reliance on the exception in Item 10(e)(1)(i)(B) of Regulation S-K, we do not provide a quantitative reconciliation of such forward-looking information to the most directly comparable financial measure calculated and presented in accordance with GAAP, where we are unable to provide a meaningful or accurate calculation or estimation of reconciling items and the information is not available without unreasonable effort. This includes, for example, (i) scheduled or implemented rate increases on community, resort and marina sites; (ii) scheduled or implemented rate increases in annual payments under membership subscriptions; (iii) occupancy changes; (iv) costs to restore property operations and potential revenue losses following storms or other unplanned events; and (v) other nonrecurring/unplanned income or expense items, which may not be within our control, may vary between periods and cannot be reasonably predicted. These unavailable reconciling items could significantly impact our future financial results.
