Please respond to these comments within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

Form 10-K for the year ended December 31, 2022  
Non-GAAP Financial Measures, page 47

1. We refer you to your non-GAAP financial measures Funds from Operations, Normalized Funds from Operations, Property operating revenues, excluding deferrals, Income from property operations, excluding deferrals and property management, and Income from property operations, excluding deferrals. It appears that such non-GAAP measures are the result of a GAAP measure adjusted to add the change in your deferred revenue liability, having the effect of accelerating the recognition of revenues to recognize the entire amount of payments received as revenues in the current period, as opposed to recognizing the revenues over a 20 year period. Please tell us how you have determined these measures are not tailored measures as contemplated in Question 100.04 of the Non-GAAP C&DI.

business. Please refer to Item 10(e) of Regulation S-K and Question 100.01 of the Non-

GAAP C&DI.
