^{1.} Third quarter and full year 2024 guidance represent management's estimate of a range of possible outcomes. The midpoint of the ranges reflect management's estimate of the most likely outcome based on our current view of existing market conditions and assumptions. Actual results could vary materially from management's estimates presented above if any of our assumptions, including occupancy and rate changes, our ability to manage expenses in an inflationary environment, our ability to integrate and operate recent acquisitions and costs to restore property operations and potential revenue losses following storms or other unplanned events, are incorrect. See Forward-Looking Statements in this press release for additional factors impacting our 2024 guidance assumptions. See Non-GAAP Financial Measures Definitions and Reconciliations at the end of the supplemental financial information for definitions of FFO and Normalized FFO and a reconciliation of Net income per Common Share - Fully Diluted to FFO per Common Share and OP Unit - Fully Diluted and Normalized FFO per Common Share and OP Unit - Fully Diluted.

Core RV and marina annual revenue represents approximately 67.4% and 69.9% of third quarter 2024 and full year 2024 RV and marina base rental
income guidance, respectively. Core RV and marina annual revenue third quarter 2024 growth rate range is 6.3% to 6.9% and the full year 2024 growth
rate range is 6.5% to 7.5%.

Forward-Looking Statements

In addition to historical information, this press release includes certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as "anticipate," "expect," "believe," "project," "estimate," "guidance," "intend," "may be" and "will be" and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include, without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of our acquisitions. Forward-looking statements, including our guidance concerning Net Income, FFO and Normalized FFO per share data, and certain growth rates, by their nature, involve estimates, projections, goals, forecasts and assumptions and are subject to risks and uncertainties that could cause actual results or outcomes to differ materially from those expressed in a forward-looking statement due to a number of factors, which include, but are not limited to the following: (i) the mix of site usage within the portfolio; (ii) yield management on our short-term resort and marina sites; (iii) scheduled or implemented rate increases on community, resort and marina sites; (iv) scheduled or implemented rate increases in annual payments under membership subscriptions; (v) occupancy changes; (vi) our ability to attract and retain membership customers; (vii) change in customer demand regarding travel and outdoor vacation destinations; (viii) our ability to manage expenses in an inflationary environment; (ix) changes in debt service and interest rates; (x) our ability to integrate and operate recent acquisitions in accordance with our estimates; (xi) our ability to execute expansion/ development opportunities in the face of supply chain delays/shortages; (xii) completion of pending transactions in their entirety and on assumed schedule; (xiii) our ability to attract and retain property employees, particularly seasonal employees; (xiv) ongoing legal matters and related fees; (xv) costs to restore property operations and potential revenue losses following storms or other unplanned events; and (xvi) the potential impact of, and our ability to remediate, material weaknesses in our internal control over financial reporting. For further information on these and other factors that could impact us and the statements contained herein, refer to our filings with the Securities and Exchange Commission, including the "Risk Factors" and "Forward-Looking Statements" sections in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q. These forwardlooking statements are based on management's present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

Non-GAAP Financial Measures

This document contains certain Non-GAAP measures used by management that we believe are helpful to understand our business. We believe investors should review these Non-GAAP measures along with GAAP net income and cash flows from operating activities, investing activities and financing activities, when evaluating an equity REIT's operating performance. Our definitions and calculations of these Non-GAAP financial and operating measures and other terms may differ from the definitions and methodologies used by other REITs and, accordingly, may not be comparable. These Non-GAAP financial and operating measures do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flows from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor are they indicative of funds available to fund our cash needs, including our ability to make cash distributions. For definitions and reconciliations of Non-GAAP measures to our financial statements as prepared under GAAP, refer to both Reconciliation of Net Income to Non-GAAP Financial Measures on page 6 and Non-GAAP Financial Measures Definitions and Reconciliations on pages 16-19.

Non-GAAP Financial Measures Definitions and Reconciliations

The following Non-GAAP financial measures definitions have been revised and do not include adjustments in respect to membership upgrade sales: (i) FFO; (ii) Normalized FFO; (iii) EBITDAre; (iv) Adjusted EBITDAre; (v) Property operating revenues; (vi) Property operating expenses, excluding property management; and (vii) Income from property operations, excluding property management. For comparability, prior periods' non-GAAP financial measures have also been updated.

FUNDS FROM OPERATIONS (FFO). We define FFO as net income, computed in accordance with GAAP, excluding gains or losses from sales of properties, depreciation and amortization related to real estate, impairment charges and adjustments to reflect our share of FFO of unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. We compute FFO in accordance with our interpretation of standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do.

We believe FFO, as defined by the Board of Governors of NAREIT, is generally a measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

NORMALIZED FUNDS FROM OPERATIONS (NORMALIZED FFO). We define Normalized FFO as FFO excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties, defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items. Normalized FFO presented herein is not necessarily comparable to Normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount.

FUNDS AVAILABLE FOR DISTRIBUTION (FAD). We define FAD as Normalized FFO less non-revenue producing capital expenditures.

We believe that FFO, Normalized FFO and FAD are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of gains or losses from sales of properties, depreciation and amortization related to real estate and impairment charges, which are based on historical costs and may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our normal operations. For example, we believe that excluding the early extinguishment of debt and other miscellaneous non-comparable items from FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

INCOME FROM PROPERTY OPERATIONS, EXCLUDING PROPERTY MANAGEMENT. We define Income from property operations, excluding property management as rental income, membership subscriptions and upgrade sales, utility and other income less property and rental home operating and maintenance expenses, real estate taxes, membership sales and marketing expenses, excluding property management expenses. Property management represents the expenses associated with indirect costs such as off-site payroll and certain administrative and professional expenses. We believe exclusion of property management expenses is helpful to investors and analysts as a measure of the operating results of our properties, excluding items that are not directly related to the operation of the properties. For comparative purposes, we present bad debt expense within Property operating, maintenance and real estate taxes in the current and prior periods. We believe that this Non-GAAP financial measure is helpful to investors and analysts as a measure of the operating results of our properties.

EARNINGS BEFORE INTEREST, TAX, DEPRECIATION AND AMORTIZATION FOR REAL ESTATE (EBITDAre) AND ADJUSTED EBITDAre. We define EBITDAre as net income or loss excluding interest income and expense, income taxes, depreciation and amortization, gains or losses from sales of properties, impairments charges, and adjustments to reflect our share of EBITDAre of unconsolidated joint ventures. We compute EBITDAre in accordance with our interpretation of the standards established by NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do.

We define Adjusted EBITDAre as EBITDAre excluding non-operating income and expense items, such as gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs, transaction/pursuit costs and other, and other miscellaneous non-comparable items.

We believe that EBITDAre and Adjusted EBITDAre may be useful to an investor in evaluating our operating performance and liquidity because the measures are widely used to measure the operating performance of an equity REIT.

CORE. The Core properties include properties we owned and operated during all of 2023 and 2024. We believe Core is a measure that is useful to investors for annual comparison as it removes the fluctuations associated with acquisitions, dispositions and significant transactions or unique situations.

NON-CORE. The Non-Core properties in 2024 include properties that were not owned and operated during all of 2023 and 2024, including six properties in Florida impacted by Hurricane Ian and two properties in California that were impacted by storm and flooding events. The 2024 guidance reflects Non-Core properties in 2024, which includes properties not owned and operated during all of 2023 and 2024.

NON-REVENUE PRODUCING IMPROVEMENTS. Represents capital expenditures that do not directly result in increased revenue or expense savings and are primarily comprised of common area improvements, furniture and mechanical improvements.

FIXED CHARGES. Fixed charges consist of interest expense, amortization of note premiums and debt issuance costs.

This press release includes certain forward-looking information, including Core and Non-Core Income from property operations, excluding property management, that is not presented in accordance with GAAP. In reliance on the exception in Item 10(e)(1)(i)(B) of Regulation S-K, we do not provide a quantitative reconciliation of such forward-looking information to the most directly comparable financial measure calculated and presented in accordance with GAAP, where we are unable to provide a meaningful or accurate calculation or estimation of reconciling items and the information is not available without unreasonable effort. This includes, for example, (i) scheduled or implemented rate increases on community, resort and marina sites; (ii) scheduled or implemented rate increases in annual payments under membership subscriptions; (iii) occupancy changes; (iv) costs to restore property operations and potential revenue losses following storms or other unplanned events; and (v) other nonrecurring/unplanned income or expense items, which may not be within our control, may vary between periods and cannot be reasonably predicted. These unavailable reconciling items could significantly impact our future financial results.
