Investment Activity

As previously disclosed, we contributed \$30 million to a joint venture to acquire a 49% interest in the Loggerhead Marina portfolio of 11 high quality marinas with over 2,300 slips located in Florida. Suntex Marinas is the operator of the portfolio. The contribution was funded with net proceeds from sales of common stock under our at-the-market ("ATM") program.

Balance Sheet Activity

During the quarter, we paid off one loan of approximately \$6.9 million using available cash, with an interest rate of 6.47% per annum, secured by one manufactured home community.

During the quarter, we sold 484,913 shares of common stock as part of our ATM equity offering program at a weighted average price per share of \$86.69, resulting in net cash proceeds of approximately \$41.5 million.

On September 22, 2017, we closed on three loans with Freddie Mac totaling \$146.0 million. The loans had a stated interest rate of 4.07% per annum, 20 year maturities with 30 year principal amortization, and are secured by three MH communities. We used the proceeds from these loans to redeem the Series C Preferred stock.

On September 25, 2017, we redeemed our 6.75% Series C Preferred Stock for \$138.4 million, including accrued dividends. In connection with the redemption, we recorded expense of \$0.8 million for the original issuance costs associated with the Series C Preferred Stock in computing Net income available for Common Shareholders.

Hurricane Irma

Our Florida mainland properties resumed normal operations shortly after Hurricane Irma. Two RV resorts in the Florida Keys will reopen as utility services are restored. We are in the process of estimating the financial impact of the storm on our properties and we believe that we have adequate insurance, subject to deductibles, including business interruption coverage. During the quarter, we recorded expense of \$3.7 million related to property damage and restoration work that has been approved and/or completed to date. In addition, we recorded revenue of \$3.5 million related to the expected insurance recovery from this loss.

Forward-Looking Statements

In addition to historical information, this press release includes certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as "anticipate," "expect," "believe," "project," "intend," "may be" and "will be" and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of our acquisitions. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

- our ability to control costs, real estate market conditions, the actual rate of decline in customers, the actual use of sites by customers and our success in acquiring new customers at our properties (including those that we may acquire);
- our ability to maintain historical or increase future rental rates and occupancy with respect to properties currently owned or that we may acquire;
- our ability to retain and attract customers renewing, upgrading and entering right-to-use contracts;
- our assumptions about rental and home sales markets;
- our assumptions and guidance concerning 2017 and 2018 estimated net income, FFO and Normalized FFO;
- our ability to manage counterparty risk;
- in the age-qualified properties, home sales results could be impacted by the ability of potential home buyers to sell their existing residences as well as by financial, credit and capital markets volatility;
- results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing and competition from alternative housing options including site-built single-family housing;
- impact of government intervention to stabilize site-built single-family housing and not manufactured housing;
- effective integration of recent acquisitions and our estimates regarding the future performance of recent acquisitions;
- the completion of future transactions in their entirety, if any, and timing and effective integration with respect thereto;
- unanticipated costs or unforeseen liabilities associated with recent acquisitions;
- ability to obtain financing or refinance existing debt on favorable terms or at all;
- the effect of interest rates;
- the dilutive effects of issuing additional securities;
- the effect of accounting for the entry of contracts with customers representing a right-to-use the properties under the Codification Topic *"Revenue Recognition";*
- the outcome of pending or future lawsuits or actions brought against us, including those disclosed in our filings with the Securities and Exchange Commission; and
- other risks indicated from time to time in our filings with the Securities and Exchange Commission.

For further information on these and other factors that could impact us and the statements contained herein, refer to our filings with the Securities and Exchange Commission, including "Risk Factors" in our most recent Annual Report on Form 10-K and subsequent quarterly reports on Form 10-Q.

These forward-looking statements are based on management's present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

^{1.} We are required by GAAP to defer, over the estimated customer life, recognition of non-refundable upfront payments from sales of new and upgrade rightto-use contracts. For 2017, the customer life is estimated to be 40 years and is based upon our experience operating the membership platform since 2008. The amount shown represents the deferral of a substantial portion of current period upgrade sales, offset by amortization of prior period sales.

^{2.} We are required by GAAP to defer recognition of commissions paid related to the entry of right-to-use contracts. The deferred commissions will be amortized using the same method as used for the related non-refundable upfront payments from the entry of right-to-use contracts and upgrade sales. The amount shown represents the deferral of a substantial portion of current period commissions on those contracts, offset by the amortization of prior period commissions.

^{3.} See Non-GAAP Financial Measure Definitions and Other Terms at the end of the supplemental information for Non-GAAP financial measure definitions of FFO, Normalized FFO and FAD and for a definition of Non-revenue producing improvements.

This document contains certain Non-GAAP measures used by management that we believe are helpful in understanding our business, as further discussed in the paragraphs below. We believe investors should review these Non-GAAP measures along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT's operating performance. Our definitions and calculations of these Non-GAAP financial and operating measures and other terms may differ from the definitions and methodologies used by other REITs and, accordingly, may not be comparable. These Non-GAAP financial and operating measures do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

FUNDS FROM OPERATIONS (FFO). We define FFO as net income, computed in accordance with GAAP, excluding gains and actual or estimated losses from sales of properties, plus real estate related depreciation and amortization, impairments, if any, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. We compute FFO in accordance with our interpretation of standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. We receive up-front non-refundable payments from the entry of right-to-use contracts. In accordance with GAAP, the upfront non-refundable payments and related commissions are deferred and amortized over the estimated customer life. Although the NAREIT definition of FFO does not address the treatment of non-refundable right-to-use payments, we believe that it is appropriate to adjust for the impact of the deferral activity in our calculation of FFO.

We believe FFO, as defined by the Board of Governors of NAREIT, is generally a measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

NORMALIZED FUNDS FROM OPERATIONS (NORMALIZED FFO). We define Normalized FFO as FFO excluding the following non-operating income and expense items: a) the financial impact of contingent consideration; b) gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs; c) property acquisition and other transaction costs related to mergers and acquisitions; and d) other miscellaneous non-comparable items. Normalized FFO presented herein is not necessarily comparable to Normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount.

FUNDS AVAILABLE FOR DISTRIBUTION (FAD). We define FAD as Normalized FFO less non-revenue producing capital expenditures.

We believe that FFO, Normalized FFO and FAD are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of depreciation, amortization, impairments, if any, and actual or estimated gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our operations. For example, we believe that excluding the early extinguishment of debt, property acquisition and other transaction costs related to mergers and acquisitions from Normalized FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

INCOME FROM PROPERTY OPERATIONS, EXCLUDING DEFERRALS AND PROPERTY MANAGEMENT. We define Income from property operations, excluding deferrals and property management as rental income, utility income and right-to-use income less property operating and maintenance expenses, real estate tax, sales and marketing expenses, property management and the GAAP deferral of right-to-use contract upfront payments and related commissions, net. We believe that this Non-GAAP financial measure is helpful to investors and analysts as a measure of the operating results of our manufactured home and RV communities.

EARNINGS BEFORE INTEREST, TAX, DEPRECIATION AND AMORTIZATION (EBITDA) AND ADJUSTED EBITDA. EBITDA is defined as net income or loss before interest income and expense, income taxes, depreciation and amortization. We define Adjusted EBITDA as EBITDA excluding the following non-operating income and expense items: a) the financial impact of contingent consideration; b) gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs; c) property acquisition and other transaction costs related to mergers and acquisitions; d) GAAP deferral of right-to-use contract upfront payments and related commissions, net; e) impairments, if any; and f) other miscellaneous non-comparable items. EBITDA and Adjusted EBITDA provide us with an understanding of one aspect of earnings before the impact of investing and financing charges. We believe that EBITDA and Adjusted EBITDA may be useful to an investor in evaluating our operating performance and liquidity because the measures are widely used to measure a company's operating performance and they are used by rating agencies and other parties, including lenders, to evaluate our creditworthiness.

CORE. The Core properties include properties we owned and operated during all of 2016 and 2017. We believe Core is a measure that is useful to investors for annual comparison as it removes the fluctuations associated with acquisitions, dispositions and significant transactions or unique situations.

ACQUISITIONS. The Acquisition properties include all properties that were not owned and operated in 2016 and 2017. This includes, but is not limited to, one property acquired during 2017, four properties acquired during 2016, and Tropical Palms RV Resort.

INCOME FROM RENTAL OPERATIONS, NET OF DEPRECIATION. We use Income from rental operations, net of depreciation as an alternative measure to evaluate the operating results of our home rental program. Income from rental operations, net of depreciation, represents income from rental operations less depreciation expense on rental homes. We believe this measure is meaningful for investors as it provides a complete picture of the home rental program operating results including the impact of depreciation which affects our home rental program investment decisions.

NON-REVENUE PRODUCING IMPROVEMENTS. Represents capital expenditures that will not directly result in increased revenue or expense savings and are primarily comprised of common area improvements, furniture, and mechanical improvements.

FIXED CHARGES. Fixed charges consist of interest expense, amortization of note premiums and debt issuance costs.
